"Hall's Distemper sets the hardest of any wall covering, and does not crack, blister, nor peel off." It is not the least remarkable of the many advantages of Hall's Distemper that while it lends itself to the most delicate interior effects, it is the most suitable material for the rough-and-ready application of the whitewash brush for exterior decoration.

THE OUTSIDE QUALITY OF TRADE MARK HALL'S DISTEMPER

It is fully weather-resisting. It may be applied on stucco-work, brick-work, cement-work, wood, iron, or stone. It sets hard as cement, and withstands rain, sun and frost. For interior decoration, Hall's Distemper is the modern improvement on wallpaper, giving a fireproof durable wall surface of great beauty, which will not fade nor change colour with age, and may be "Spring-cleaned" by lightly sponging with warm water. No decorative material is made in the same wide range of colours as Hall's Distemper—70 beautiful art shades to select from. Specify "Hall's Distemper Stippled" for interior decoration. "How to Decorate Your Home." Write to-day for this beautifully-illustrated pamphlet, showing in colours how to artistically decorate every room in the house. Post free from the
